BUCKET BOY'S MILLION DOLLAR ACORN

HOW SMALL SAVINGS GROW!

Small today. Big tomorrow. $1 Million or more!

FROM A TINY ACORN... ...TO A MIGHTY OAK!

START TODAY	5 YEARS	10 YEARS	20 YEARS	30 YEARS	40 YEARS
$5 A DAY	$10,071	$28,611	$112,611	$453,055	$1,154,744
$150 A MONTH	Keep going!	Staying consistent pays off!	Time + Consistency = Serious Growth!	You're building real wealth!	Dream Big. Save Smart. Live Free!

WHY IT WORKS!

Compound interest means your money earns money... and keeps earning!

* Example assumes $5 per day ($150/month) invested at 8% average annual return.

YOUR PLAN

Starting Amount: $__________

Monthly Contribution: $__________

Annual Interest Rate: __________%

Compound: ☐ Annually ☐ Monthly

Time Period: __________ Years

THE POWER OF TIME!

It's not about how much you make. It's about how early you start and how long you stay consistent!

COMPOUND INTEREST TRACKER

YEAR	STARTING BALANCE	TOTAL CONTRIBUTIONS	INTEREST EARNED	ENDING BALANCE	NOTES
1	$	$	$	$	
2	$	$	$	$	
3	$	$	$	$	
5	$	$	$	$	
10	$	$	$	$	
15	$	$	$	$	
20	$	$	$	$	
25	$	$	$	$	
30	$	$	$	$	
35	$	$	$	$	
40	$	$	$	$	

SAVER'S SMART TIPS!

- Start early, even if it's small.
- Be consistent every month.
- Reinvest your earnings.
- Let time do the heavy lifting!

PLANT YOUR ACORN TODAY AND WATCH YOUR FUTURE GROW INTO SOMETHING AMAZING!

MY GOAL

I will save $__________ each month.

I will invest for __________ years.

My future self will say:

____

SMALL SAVINGS TODAY. MILLION DOLLAR TOMORROW!
